

Record your observations in the table below.

Date	Plant Label	Location	Plant Height (cm)	Drawing and Other Observations

Date	Plant Label	Location	Plant Height (cm)	Drawing and Other Observations

Answer these questions below once you have completed the table

1. What happened to the plant that was kept in the different locations? How did they change?

2. Which plant grew better? Why do you think that happened?

3. What differences did you notice between the plants in light and dark conditions?

4. What does this experiment tell us about what plants need to grow?

5. Were your predictions correct? Why or why not?

6. What could you do next to improve the experiment or test something new?
